

SCORIA

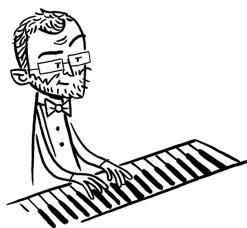

FROM KEYBOARD TO MUSIC NOTATION, ONE THESIS AT A TIME.

How it is:

Record on a keyboard — load result (MIDI) to share — cannot read anything!

How it could be:

Record on a keyboard — load result (MIDI) with Scoria — playable sheet music!

JOIN SCORIA !

We are an international collaborative BSc./MSc. thesis project
to create an open-source music scorification pipeline.

We offer:

- Interesting and challenging music AI tasks
- Supervision by experts in the field
- Collaboration with peers across Czechia and Austria
- Lasting contributions to an open source project
- An API and a utility codebase that gets you started

We need you to:

- Have some background in music computing, AI/ML
- Know how to read sheet music
- Be able & willing to finish the thesis on time (Sep. '25)
- Be interested in scorification!
